About me

My name is Thu and I am a student at faculty of Information Technology, VNUHCM University of Science. I am looking for a job with the desire to apply my skills in HTML, CSS, JavaScript and learn new knowledge from reality as well as gain more experience. My objective is to become a professional web developer who can create efficient, user-friendly websites that meet all project requirements.

Projects (check my web portfolio for more details)

2020

- **BookWorm**
  Course projects: Build a web to buy and sell books online, use HTML, CSS, JavaScript and NodeJS.

2023

- **Music Player**
  Use HTML, CSS, JavaScript to build a music player with some features: Play/pause a song, go to next/previous song, play random song, go to next or repeat when ended, …
- **To do List**
  Build a to do list app with some features: Add, delete, edit item to do, filter completed/unfinished item, clear all completed item.
- **JavaScript projects for beginner**
  Build some projects to practice JavaScript skills such as note app, BMI calculator, temperature converter, …

Technical Skills

HTML — 90%
CSS — 85%
JavaScript — 80%
